To Whom It May Concern:

We knew about Trust Management Centre since last year. Early this year, we have engaged Trust Management Centre to run 2 English Courses by the title of: "English for Speakers of Other Languages".

The teachers from Trust Management Centre are organized, efficient and extremely competent in the training. The communication skills and ability to spark the interest in learning are excellent.

In summary, we are satisfy with the training and the services provided by Trust Management Centre.

Sincerely,

Freddy Tong

Training Manager
