TO WHOM IT MAY CONCERN

We engaged Mr Gopal Jethmal of Trust Management Centre to conduct a customized programme for Conflict Management, Negotiation and Mediation Skills.

The participants provided positive feedback on the training content and the trainer's style of delivery. They agreed that the workshop was informative, relevant and conducted in an interesting manner. We believe the participants have benefited from the training as the knowledge gained will be useful to them in their daily functions.

We would like to sincerely thank Mr Gopal Jethmal.

Yours Sincerely,  
Centre for Urban Greenery & Ecology
